RE 98N-1230  
96P-0418  
97P-0197

To Whom It May Concern:

I believe that the FDA must do more than put bacteria warning labels on egg cartons and regulate refrigeration temperatures.

The FDA should stop the forced molting of hens to manipulate egg production, a practice that is nothing less than animal abuse. The practice requires starvation and deprivation of water.

Sincerely,

Sara Burroughs

96P-0418
